Adobe Illustrator Training Course - Introduction

In this introductory Adobe Illustrator course you’ll learn how to use Adobe Illustrator to create high-quality illustrations, logos, and other custom artwork. This class is for anyone who needs to understand the workspace, tools, and drawing features that are available in Adobe Illustrator.

What you’ll learn in this training course

- The Illustrator workspace
- Essential Illustrator tools and panels
- Working with color
- Using the drawing tools
- Gradients and additional color options
- Adding and formatting text
- Placing text on a path
- Working with layers

Audience for this training course

This introductory Adobe Illustrator course is designed for media professionals with little to no prior knowledge of using Adobe Illustrator. Experienced Illustrator users with no formal training will also benefit from this class as tips, tricks, keyboard shortcuts and essential foundation skills are covered throughout this class. Users include fashion illustrators, graphic designers, user experience designers, video, and multimedia professionals, and more.

Training course duration

This class is a two days in length. It runs from 9:30 am - 4:30 pm. Lunch break is approximately from noon - 1:00 pm.

Training course curriculum

This training course uses lesson files and content from the Illustrator Digital Classroom, which was written and created by our instructors. These training courses are offered by the same instructors that write this best-selling series.
