

Two-day training

Adobe Illustrator Introduction

In this introductory Adobe Illustrator course you'll learn how to use Adobe Illustrator to create high-quality illustrations, logos, and other custom artwork. This class is for anyone who needs to understand the workspace, tools, and drawing features that are available in Adobe Illustrator.

What you'll learn in this training course

- The Illustrator workspace
- Essential Illustrator tools and panels
- Working with color
- Using the drawing tools
- Gradients and additional color options
- Adding and formatting text
- Placing text on a path
- Working with layers

Audience for this training course

This introductory Adobe Illustrator course is designed for media professionals with little to no prior knowledge of using Adobe Illustrator. Experienced Illustrator users with no formal training will also benefit from this class as tips, tricks, keyboard shortcuts and essential foundation skills are covered throughout this class. Users include fashion illustrators, graphic designers, user experience designers, video, and multimedia professionals, and more.

Training course duration

This class is a two days in length. It runs from 10:00 am - 5:00 pm ET.

Training course curriculum

This training course uses lesson files and content from the Illustrator Digital Classroom, which was written and created by our instructors.

Locations for this Adobe Illustrator Introductory training course

You can attend classes in Boston, on site, or at your office.

Private and customized training course options

This training course is offered as a private class for groups or individuals, and the content can be customized to meet your specific needs. Speak with a training representative at 781-376-6044 or 800-851-9237 to discuss customizing this training course.
